

## **The Vision of Global Impact at Mosaic:**

Mosaic Christian Church works in partners with a handful of organizations around the world. Short-term teams are sent only in close consultation with our partners to advance the important, ongoing work they are doing. Though there is no doubt that short-term trips are beneficial to those who go our primary focus is to support the work our partners are already doing. We value our partners and the work they are doing and we value the encouragement short-term teams provide to our partners. The more short-term team members understand the work of our partners and how short-term trips fit into that work, the better it is for Mosaic and our Global Partners to serve Christ.

Please take some time to get to know our partners by checking out their websites, or reaching out to our Global Impact Directo and trip leaders found at [www.mosaicchristian.org/globalimpact](http://www.mosaicchristian.org/globalimpact).

I have read and understand the above statement regarding the Vision of Global Impact at Mosaic

## **The role of Mosaic Global Impact Trips:**

Global Impact trips can be exciting, rewarding and meaningful for those going as well as for our in-country partners. There are, however, a few things to consider before deciding to apply.

Our vision at Mosaic is to make a global impact so that hurting people can find hope in Jesus through the local church. In order to be good stewards of this vision, it is imperative that we are sending team members to visit our partners who are committed to this vision even when it differs from their own.

Before you apply for this trip it is a good idea to prayerfully consider and ask yourself if there is anything in your life that is in conflict with your ability to represent Jesus well. This is also a good time to evaluate why you want to be part of the Global Impact team. Are you reasons consistent with your faith?

Please take a moment to pray and consider these things. If you find there is some conflict, perhaps it is something that can be easily resolved and you can take care of it and return to complete your application before the deadline. Or perhaps there is something more significant that may take more time. In either case, we would encourage you to apply when you are ready.

I have read, understand and agree to the above statement regarding the role of a Mosaic Global Impact Trip.

## **Financial Responsibility of a Global Impact Team Member:**

All team members are required to raise support to cover the cost of their trip which includes, air and ground travel, housing, food etc. In the event that a team member does not raise the full amount of support the team member is then responsible for covering the remaining funds.

Upon being accepted on a team each team member is personally responsible for a non-refundable contribution in the amount of \$175.00, this contribution will go towards the overall cost of the trip and is to be paid on or before the first team meeting by the team member. The remaining balance of the trip cost is due on or before your last team meeting prior to your departure date.

Passport fees, Immunizations, snacks, souvenirs, etc. are not included and are personal expenses paid by team members. Once you have been accepted to a team, you will be provided with information on how to raise financial support in the months prior to leaving; however, if full support is not raised, the balance is your (team members) responsibility. Do not begin to raise support until you are notified that you have been accepted to a team.

All donations are non-refundable. Donations (either from yourself or supporters) towards the trip are all considered contributions. If the trip is canceled for any reason, you withdraw from the trip, or you are disallowed from attending the trip, your donations are non-refundable. The donations will then be used by Global Impact as necessary.

Each team member is responsible for their portion of the entire trip cost, however as a team you will all be raising support for the entire team to reach one collective goal. If a team member raised more than their required amount of funds, any excess will go into the team account to help the entire team reach the main goal. Beyond that, any extra funds from your team over the required amount will be given as a gift to the partner and project that your team will be supporting.

If you terminate your role or are terminated from the team after Mosaic Christian Church has purchase your airline tickets, you will be responsible for the full cost of your trip minus funds you already raised.

I have read, understand and agree to the above statement regarding the financial responsibility of a global impact team member.
